

FIG. 1

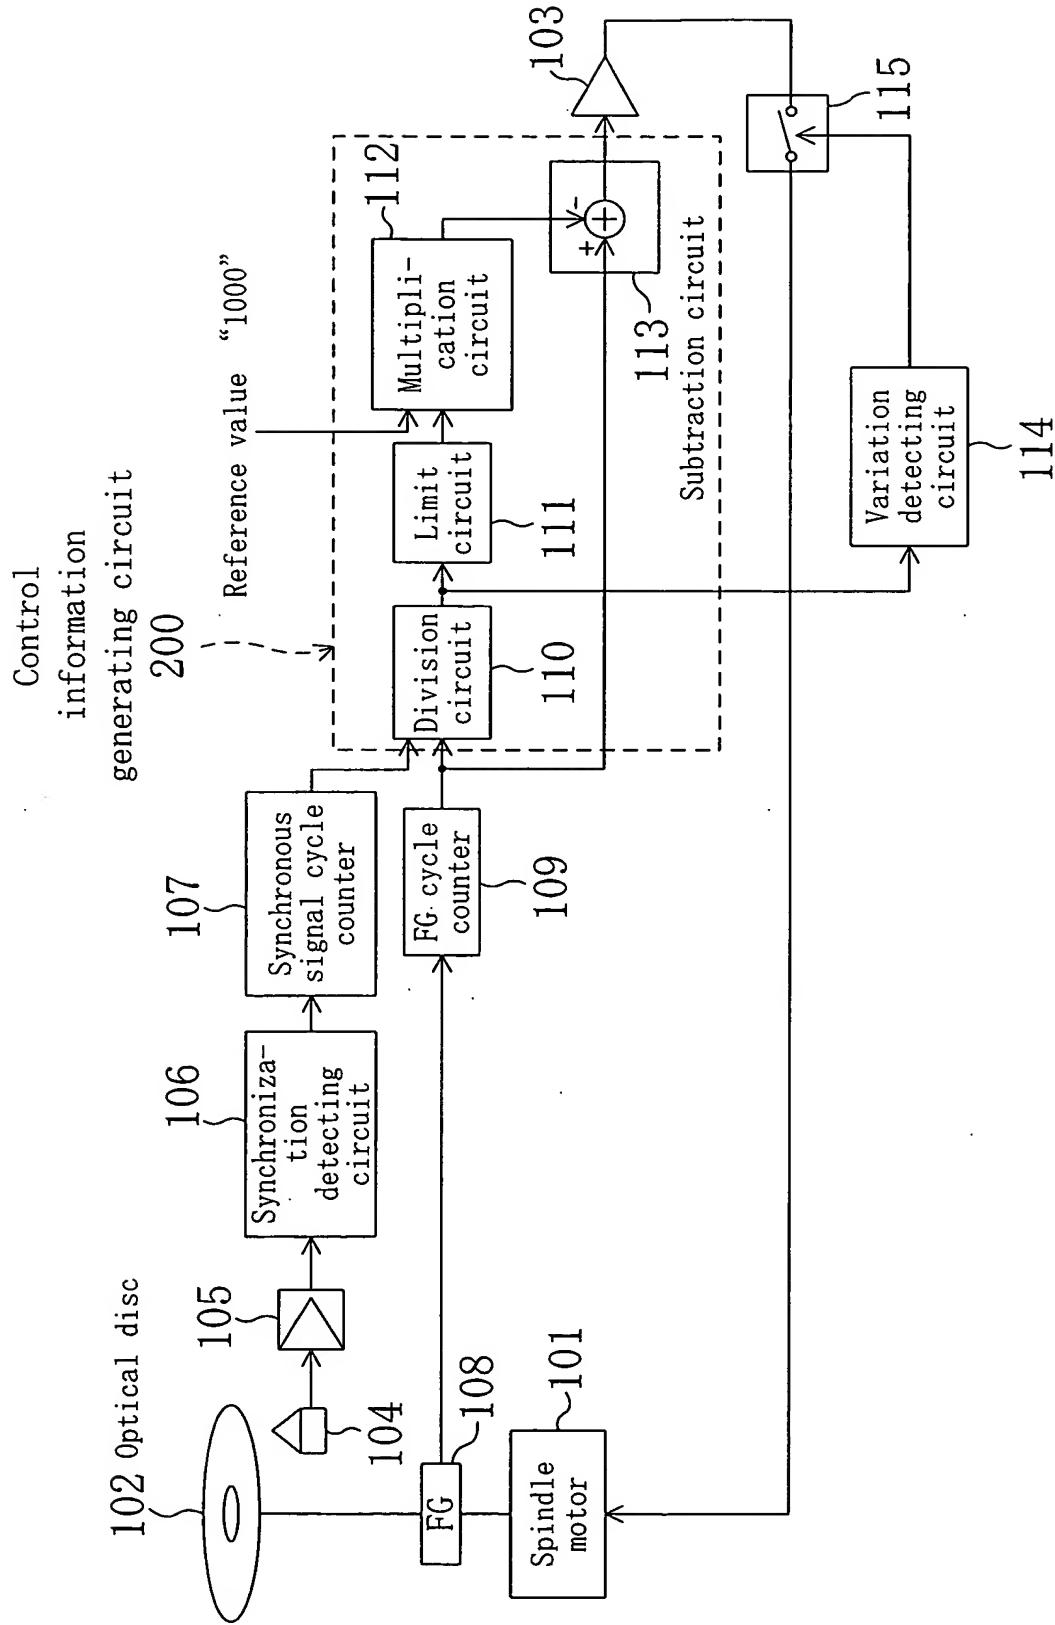

FIG. 2

	Innermost track	Mode switching position	Outermost track
Output of component 109	1000	1000	600
Output of component 107	666	1000	1000
Output of component 110	1. 5	1. 0	0. 6
Output of component 111	1. 0	1. 0	0. 6
Output of component 112	1000	1000	600
Output of component 113	0	0	0

FIG. 3

	Innermost track (+1%)	Mode switching position (-1%)	Outermost track (+1%)	Outermost track ($\pm 0\%$) [Abnormal linear velocity information]
Output of component 109	1010	990	606	600
Output of component 107	673	990	1010	1060
Output of component 110	1.5	1.0	0.6	0.56
Output of component 111	1.0	1.0	0.6	
Output of component 112	1000	1000	600	
Output of component 113	+10	-10	+6	

※ Value in parentheses denotes revolution number error
